

**Employer: Community Nursing Services**

**Title: Community Nursing Services Program Intern**

Community Nursing Services (CNS) provides compassionate care when you or a loved one becomes seriously ill, suffers an injury or is nearing the end of life. Their nurses and staff are committed to helping their patients as well as their family members and caregivers throughout the healing process. CNS was established in 1928 and remains Utah's oldest nonprofit home health provider. With 10 offices from Logan to St. George, and several coalition partners, CNS is able to reach 93% of Utahns. They create moments and experiences that heal individuals and families by providing compassionate care and by putting health, dignity, comfort, and well-being first.

The Community Nursing Services Intern has the opportunity to work with one or a variety of programs which serve the diverse community of CNS clientele. Program placement options for interns include:

- Home Health Care
- Hospice and Palliative Care
- Home Therapy and Rehabilitation
- Immunizations
- Infusion Pharmacy
- Respiratory Services
- Telehealth
- Outpatient Physical Therapy
- Charitable Care
- Senior Wish
- Honor Salute

No matter their assignment, the Intern will have the opportunity to fully immerse themselves in their assigned program. The Intern will be expected to prioritize multiple tasks and work with a diverse range individuals as they work to provide services to Utah families. The Intern will be advised and trained by staff members to ensure both organizational policy and Utah state requirements are met. The Intern will be expected to work with their supervisor to establish a steady work schedule; promptness and reliability are essential to a successful internship when working with clients who depend on your work. The Intern will also be trained to utilize the CNS data and tracking systems; these systems are utilized in grant acquisition and reporting. Visit <https://www.cns-cares.org/> to explore your options and get to know all the programming that CNS has to offer.

Hours, begin and end date, and holiday schedule will be agreed upon with direct supervisor. The Intern is encouraged to seek internship course credit through the University of Utah. For more information, contact the Internship Coordinator (Dominique Blanc, [dominique.blanc@csbs.utah.edu](mailto:dominique.blanc@csbs.utah.edu)).

**Qualifications and Requirements:**

- University of Utah student
