

| CSBS Awards | | | | Due dates |
|-------------------------------------|--|------------------------------------|--|---|
| Superior Teaching Award | Junior, senior and career line award categories | \$750 to winner, \$100 to finalist | | Due to Deans office Feb 26 |
| Superior Research Award | Junior and senior award categories | \$750 to winner, \$100 to finalist | | Due to Deans office Jan 22 |
| Staff Excellence Award | minimum 3 years service in CSBS | \$1,000 | | Due to Deans office Feb 26 |
| Junior Faculty Research Leave Award | 2nd-4th year pre-tenure | one academic semester | | Due to chair Nov 10, Due to Deans office Nov 17 |
| Excellence in Mentoring Award | career line or tenure track; consistently demonstrate excellent mentoring to students at any stage of academic life and/or faculty members | \$750 to winner, \$100 to finalist | | Due to Deans office Feb26 |

| University Awards | | | | |
|--|--|--|--|---|
| <u>Faculty Fellows Program (Bennion Center)</u> | Bennion Center | \$500 | | |
| <u>Faculty Fellow Awards (VP Research)</u> | available to tenure track faculty | \$7,500 | | Oct 2 to departmental office Oct 16 from dept chair to dean Oct 23 from dean to VP Research |
| <u>Distinguished Scholarly & Creative Research Award (VP Research)</u> | available to tenure track faculty must have been at university for 8+ years | \$10,000 | | Oct 15 nominations to VP Research |
| <u>Distinguished Professor Award</u> | completed 8 years of service at U of U prior to nomination; | | repeat nominations are permissible up to 3 years, then must wait 2 years before re-eligible for nomination | Oct 31 to Office of Sr. Vice President of Academic Affairs |
| <u>Distinguished Teaching Award</u> | Tenure and Career-line faculty are eligible; must have completed 8 or more years of teaching service at U of U | up to 4 annual awards of \$5,000 | | nominations due Sep 23 |
| <u>University Teaching Grants</u> | Tenure and Career line faculty eligible to propose individual and group grants for faculty to undertake projects that will enhance their teaching or abet curricular innovation. | up to \$3,500 for individuals and \$7k for groups | | Sept 25, Jan 6, Mar 11 |
| <u>Calvin S. and JeNeal N. Hatch Prize in Teaching</u> | recognizes outstanding and longstanding service by teacher from tenure-line faculty ranks; has been teaching at U of U for at least 20 years | \$5,000 | | 4-Dec |
| <u>Early Career Teaching Awards</u> | must have completed at least 3 full years but fewer than 8 years of service; tenure line or career line faculty | up to 4 awards of \$2,500 | | 4-Dec |
| <u>John R. Park Teaching Fellowships</u> | awarded to faculty who will undertake one semester activity to study at a site outside Utah with purpose of enriching and enlarging individual's teaching role | \$5K with possibility of additional \$5K to faculty member's department to defray costs for release time | | 6-Jan |
| <u>Distinguished Innovation & Impact Award</u> | outstanding faculty innovators for contributions that improved the lives of people; career, clinical or tenure tracks are eligible | one or two awards annually of \$10k | 5 years of service at U of U | 4-Dec |
| Rosenblatt Prize for Excellence | honors excellence in teaching, research and administrative efforts, collectively or individually, on behalf of the university | one award of \$40k | for 2015, previous nominations made during and since 2013 will be carried forward; re-nominations are also invited with additional information about the nominee | Feb 2016 |
| <u>Distinguished Honors Professor Award</u> | recognition of outstanding pedagogy and student appreciation | \$1,000 | | not listed |
| <u>Honors Professorship</u> | recognize innovation in pedagogy, content, curriculum and to foster excellence in undergraduate education through new courses | | | not listed |
| <u>Linda K Amos Award for Distinguished Service to Women</u> | recognizes individual staff or faculty member who has selflessly given time and energy to improve educational and/or working environment for women at the U and best represents ideals and actions of Linda K Amos | | | 16-Jan |
| <u>University Neighborhood Partners Community Scholar in Residence</u> | full time tenure or non-tenure track faculty; community engaged scholarship | \$10k over 2 years | RFP issued every 2 years | spring; RFP issued every 2 years |
| <u>Distinguished Mentor Award</u> | faculty who consistently serve as effective mentors of graduate students and postdoctoral scholars | up to 3 awards annually of \$2,500 | | 12-Jan |
| <u>Presidential Scholar Program</u> | mid-career faculty; promote retention of talented faculty who are significant contributors to scholarship, education, outreach, and are at particular risk of recruitment by other institutions. | | \$10,000 each year for 3 years | 13-May |
| <u>Utah Advising Association (UAA) Advisor of the Year</u> | awarded to student advisors. | | | February/March |
| <u>University Academic Advising Committee (UAAC)</u> | 3 years advising experience | | | nominations due March 13 |

| Foundation Awards | | | | |
|----------------------------------|---|--------------------------|--|------------|
| | Areas | Funding | Limited Submission | |
| <u>Brain Research Foundation</u> | Tenure-track or tenured professor or associate professor working in brain function studies | \$150K for 1-2 yr period | One | Jul 1 2015 |
| <u>William T. Grant Scholars</u> | Early-career researchers in social, behavioral and health sciences whose research enhances understanding of youth settings, how they affect development, can be improved; policy and practice that affect youth | \$350K over five years | One applicant per major division (Medical School, CSBS etc.) | Jul 8 2015 |

| | | | | |
|---|--|---|--|--|
| <u>Edward J. Mallinckrodt Jr. Foundation</u> | Medical and health basic research: Mallinckrodt Scholars - in 5th to 8th year of tenure track position Mallinckrodt Grants - generally given to biomedical research | Scholars: 100K x 4yrs Grants: \$60k x 3 yrs | Two | Scholars: by invitation Grants: Aug 1 |
| <u>Pew-Stewart Scholars for Cancer Research</u> | Medicine/ Biomedical sciences (early career) | \$100Kx4 yrs | One | n/a |
| <u>Searle Scholars</u> | Young scientists, assistant professors, tenure track | \$300K/ 3 years | Two | 1-Feb |
| <u>Burroughs Welcome Career Awards for Medical Scientists</u> | Biomedical, Disease-oriented Translational research (3 of the fellowships) Career Awards at Scientific Interface may be relevant | not given | not given | TBD |
| <u>Greenwall Foundation Faculty Scholars in Bioethics</u> | bioethics research; Jr. faculty members holding at least 60% appt in tenure series. Supports original research that will help resolve important policy and clinical dilemmas at the intersection of ethics and the life sciences. | 50% salary for 3 years | One | Letters of Intend due 10/9/15; full proposals due 1/11/16; scholars announced 6/1/16 |
| <u>Burroughs Welcome Investigators in the Pathogenesis of Infectious Diseases</u> | Assistant professors studying pathogenesis with focus on the intersection of human and microbial biology. | \$500K over 5 years | Two (three if nominate researcher working in pathogenic helminths, mycology or reproductive science) | |
| <u>Blavatnik Award for Young Scientists</u> | 3 Categories: Life Sciences, Physical Science and Engineering, Chemistry | \$250K | One in each 3 categories | n/a |
| <u>Camille Dreyfus Teacher-Scholar</u> | Young faculty in chemical sciences (biochemistry, materials chemistry, chemical engineering) | \$75K unrestricted | One | n/a |
| <u>Edward J. Mallinckrodt Jr. Foundation-Mallickrodt Scholar Awards</u> | Supports early state investigators engaged in biomedical research that has the potential to significantly advance the understanding, diagnosis, or treatment of disease. | \$100K for 4 years | Two | Invitations to apply: October; applications due January |
| <u>Dana Foundation: David Mahoney Neuroimaging Grant Program</u> | Supports research in imaging innovations that help reveal how the human brain functions normally, how disorders and injuries alter these functions, and how various therapies affect these conditions. | \$200K over 3 years | One | 7-Apr |
| <u>Dana Foundation: Clinical Neuroscience Research</u> | "first in man" studies involving a few patients with devastating brain disease for which there currently is no effective treatment. | \$300K over 3 years | No stated limit | rolling submission |
| <u>David and Lucille Packard Fellowships for Science and Engineering</u> | Natural or physical sciences and engineering. First three years of faculty career | \$875K/5 years | Two | by invitation n/a |
| <u>Henry Dreyfus Teacher-Scholar</u> | Young faculty in chemical sciences | \$60K Unrestricted | One | n/a |
| <u>St. Baldrick's Foundation Scholars</u> | Career development award, pediatric cancer | \$110K/yr, 3 year min. oppty for 2 additional yrs | One | Spring deadline: LOI late January; full application early April Fall deadline: LOI's early July; full application late Aug/early Sept |
| <u>Harold J. Lloyd Charitable Trust Melanoma Research Grants</u> | Broad range of melanoma research involving basic science, clinical trials, etc. | \$100K-\$125K/year | One in each of the three categories (career development, basic science and translational research) | 10-Nov |
| <u>Mary Kay Ash Charitable Foundation</u> | Awarded to doctors and medical sciences focusing on curing cancers that affect women. | \$100k over two years | One | Grants are awarded each year to researchers at medical schools recommended by The Mary Kay Foundation Research Review Committee |
| <u>Damon Runyan Clinical Investigator Award</u> | Young physician-scientists conducting patient-oriented cancer research | \$450K over 3 years | 3 per institution | 17-Feb |
| <u>Sloan Reseach Fellows</u> | Science < six years from Ph.D.; tenure rank- chemistry, computer science, economics, mathematics, neuroscience, ocean sciences, physics, computational & evolutionary molecular biology | \$50K 2 years | three in each area listed | must be nominated by senior researcher; no more than 3 candidates per department deadline Sept 15 |
| <u>Basil O'Connor Starter Scholar Research Award, March of Dimes</u> | Young scientists holding recent faculty appointments. Funds research aimed at preventing birth defects and infant mortality (including social and behavioral aspects); < 8 years past degree | \$75K/year for 2 years; does not cover salary support | Nominated by deans, dept. chairs. May not be recipient of a major grant (>\$200k/yr) | letter of nomination due Mar 16 |
| <u>McKnight Scholar</u> | Neuroscientists in the early stages of career Disorders of learning and memory | \$225/ 3 years | No stated limit | 7-Jan |
| <u>Klingenstein Fellowship Award in the Neurosciences</u> | Tenure-track young investigator (within 4 years of receiving 1st tenure track appointment): cellular and molecular neuroscience, neural systems, clinical research. | \$150k over three years | No stated limit | 1-Mar |
| <u>MetLife Foundation Awards for Medical Research</u> | Major contributions promoting better understanding of causes, prevention, treatments of Alzheimer's disease; junior faculty and/or within 10 years of first appointment | Personal award \$50K+ \$200K institutional grant for recipient's future research into Alzheimer's disease | No stated limit | 15-Mar |
| <u>1) Walter A. Rosenblith New Investigator Award</u> <u>2) Assessing Health Effects of Long-term Exposure to Low Levels of Ambient Air Polution</u> | Assistant Professor or equivalent level in early stages of research with 2-6 years research experience; health effects of air polution | 3 years funding for small project | No Stated Limit | Letters of intent due 3/2; full applications due 4/6 |
| <u>Iacocca Family Foundation</u> | Type 1 diabetes research; projects for term of one year | \$100K to \$500K to support diabetes research | No limit per institution | 30-Oct |
| <u>New York Stem Cell Foundation: Neurosciences Investigator Awards</u> | Early career investigators: innovative science with probability of transforming the field of neuroscience research. | \$300K/yr for up to 5 yrs | No stated limit | 18-Mar |
| <u>New York Stem Cell Foundation: Stem Cell Investigator Awards</u> | Early career investigators – therapeutic potential of human stem cells. | \$1.5M over 5 years | No stated limit | n/a |

| | | | | |
|---|--|---|--|--|
| <u>NSF Faculty Earlier Career Development</u> | Junior Faculty with research and education plans, and the practices within their discipline | Minimum \$100,000/yr for 5 years | No stated limit | 20-Jul-16 |
| <u>ACLS Fellowship</u> | Collaborative projects for at least two scholars in all humanities and social science disciplines | 24 months/\$60k in salary replacement+\$20k in collaboratin funds; not to exceed \$200k | No stated limit | Sep 23 2015 |
| <u>NIH Director's New Innovation Program</u> | Award initiative supports a small number of early stage investigators of exceptional creativity who propose bold and highly innovative new research approaches that have the potential to produce a major impact on broad, important problems in biomedical and behavioral research. | up to \$300,000 in direct costs each year for 5 years + F&A costs | No stated limit | Sept 16 2015 |
| <u>Whitehall Foundation</u> | scholarly research in the life sciences | \$30K-\$75K/yr for 3 years | No stated limit | n/a |
| <u>Alan T. Waterman Award</u> | Recognizes an outstanding young researcher in any field of science or engineering supported by NSF; scientific research or advanced study in the mathematical, physical, biological, engineering, social, or other sciences at the institution of the recipient's choice; 35 years of age or younger and not more than 7 years beyond receipt of PhD | \$1M over 5 year period | No stated limit | nomination period closes on Oct 23 |
| <u>Beckman Young Investigator Program</u> | Early stage careers in chemical and life sciences; within 1st 3 years of tenure track position; cannot apply more than two times | \$750K/4 years | No stated limit. Only one fellow will be funded per institution. | letter of intent 9/2/15 |
| <u>Alliance for Cancer Gene Therapy: The Fund for Discovery Young Investigators</u> | Advance cell and gene therapy into the causes, treatment and prevention of all types of cancer. Assistant Professor within five years of their initial appointment to this rank. | \$500K over 3 years | No stated limit | Abstract deadline Aug 24; Invitation to submit Sept 11; complete application Oct 6 |
| <u>Doris Duke Clinical Scientist Development Award (CSDA)</u> | Junior physician-scientists | \$150K direct +\$12K indirect costs/year for 3 years | No stated limit | n/a |
| <u>The Vilcek Prize for Creative Promise</u> | Young foreign-born biomedical scientists, outstanding early achievement | \$50K 2 years | No stated limit | not listed (currently closed to applications) |
| <u>Donald E. and Delia B. Baxter Foundation Faculty Fellows Program (USC)</u> | School of Medicine assistant professor with UTL, MCL or NTLR faculty appointments | \$50K-\$100K gift award - 2 awards | No stated limit | n/a |
