FEATUED NEWS

Air quality research at the U

The Math Lab for Biomedical Research https://www.industry.com/products/has recently been unveiled at the University of Utah. Located in the College of Social and Behavioral Sciences, the lab's mission is to provide a collaborative environment for students and faculty to conduct research in cutting-edge fields.

Don't fear the sex recession

According to a recent study published in the Journal of Social and Personal Relationships, the so-called "sex recession" may not be as concerning as it seems. Researchers found that while there has been a decline in sexual activity among young adults, satisfaction with one's sex life remains high.
