## FACES OF CSBS

### Student Spotlight

Meet Taylor Silkey, anthropology major! "I love the University of Utah and the degree I'm pursuing. The classes I'm taking analyze how human evolution, culture, and psychology affect health, which I think is super interesting and important. I'm also minoring in Spanish because I think it's an absolutely beautiful language, and want to have as many excuses to practice it as I can. I'm optimistic that both of these areas of study will properly prepare me for my long-term goal of becoming a genetic counselor."

### Alumni Spotlight

Meet Jesse Craig, economics alum and crowned Miss Utah 2018! Craig competed for Miss America 2018 earlier this month and walked away with \$4,000 in scholarship money after winning an extra \$1,000 for a non-finalist talent award. [Click here](#) to read what she had to say about the organization's recent changes.

## FEATURED NEWS
